- Hazardous passage

**ADDITIONAL FUNDING:** This map brochure was made possible by a generous grant from REI. Additional funding was provided by the Illinois Department of Natural Resources, Prairie State Canoeists, and the National Park Service.

**OTHER SUPPORTERS:** Other past supporters of this brochure include Kraft Foods and Willow Springs Foundation.

Prepared by Openlands, Northeastern Illinois Planning Commission, and the Illinois Paddling Council.

This map was developed as a planning tool, based on information from a variety of sources. It's only to be used as a general reference for paddlers. The conditions of water trails are subject to change. Remember that paddling may have inherent risks. You are solely responsible for your own safety. Additional information and suggested paddling trips are available at [www.openlands.org/watertrails.asp](http://www.openlands.org/watertrails.asp) or call 312-863-6253.
