Director Garvy informed the Board of a meeting held earlier in the day between staff and the construction design team regarding project cost. A revised proposed budget will be available prior to the August 2026 Board meeting. The architectural team will be providing a revised site plan in the coming days.

President Altpeter and Director Garvy had a brief discussion regarding updated verbiage for the potential referendum question with the intention of increasing transparency and understanding for the public regarding what the referendum dollars would actually fund, which would only be a new indoor activity center. He reported the updated language was provided to the park district by the District's bond counsel Chapman & Cutler and the consulting group Beyond Your Base. He reported a draft resolution from Chapman & Cutler will be presented to the Board prior to the August 2026 meeting.

The Board of Park Commissioners directed staff to prepare the draft resolution for presentation to the Board for an August vote.

X. STAFF REPORTS

A brief discussion was held in response to Vice President Tapella inquiring why the amount of the month's voucher list is stated out loud during each meeting.

President Altpeter expressed disappointment that the Community Park Skate Park had to be closed to the public for repairs due to graffiti on the new structures but expressed hope that such actions from the Park District would deter future defacement and negative behaviors. Director Garvy and Superintendent Cerutti mentioned an ongoing presence from Lisle community service officers providing a deterrent for criminal behavior, and that staff are researching the possibility of installing cameras at the facility.

A short discussion centering on the damage caused by trucks to the field space in Community Park following the July 3rd Summer Entertainment series event was had. Director Garvy and Superintendent Cerutti spoke briefly on updated plans for the 2027 event regarding egress points and reimbursement from the Village of Lisle for the repair costs.

July 3rd fireworks have been rescheduled to July 29th following the last concert of the Summer Entertainment Series for 2026. Deputy Director Pratscher reported that the scheduled band will play an extended 2-hour set.
