GREETINGS FROM THE DIRECTOR

One year into our 2023 Strategic Master Plan, park district staff and the Park Board have been hard at work aligning resources with the plan's recommendations and public feedback as we strive to be community focused and a place where everyone belongs!

We have expanded the capacity of our summer camps and added new options to meet the growing demand for these services. New this year, the No Name Teen Camp will be relocated to Woodglenn Park to help free up space within Community Park for the anticipated expansion of Camp Summer Quest, which has experienced unprecedented growth three years in a row. Creation Academy Art Camp will be offered for a third year with a revamped curriculum and newly added weekly field trips. Staff are also excited to offer a brand-new youth sports camp to help accommodate the community demand. For our preschool aged children, Gentle Learning Summer Camp offers themed activities each week and a variety of corresponding activities. Beyond camps, the popular Summer Entertainment Series will include free concerts every Wednesday in July starting on July 3rd with the annual Village of Lisle coordinated fireworks display. We have a terrific lineup of bands, beverage options, and food trucks throughout the month, so plan to join us for some great mid-week fun.

I'm pleased to share information about a variety of upcoming park improvements. Most notably, Tate Woods Park will undergo a major renovation. The project plans include expanded parking, a new playground and picnic shelter, basketball court, six (6) pickleball courts, improved accessibility and more. I want to personally thank the dozens of park neighbors who shared their thoughts and opinions during

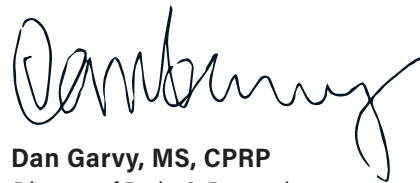

the planning phase last summer. This new park will truly reflect those it serves and inspire visitors for years to come!

In partnership with the Village of Lisle and with supplemental funding through State Representative Terra Costa Howard, a protective canopy will be constructed under the BNSF train tracks at the northeast corner of Community Park. This canopy will preserve access to the park and will serve as an impressive gateway into and out of this flagship site. Additionally, Beau Bien Park is also getting a new playground this summer, along with outdoor fitness stations.

Ongoing attention and improvements continue at Sea Lion Aquatic Park as it enters its 21st season. While operating expenses continue to escalate with an aging facility and increasing costs of labor and materials, we continue to prioritize a first-rate facility in every way.

Lastly, in order to provide the services offered within this program guide, we need summer employees! With employment opportunities ranging from a few hours a week to 40, we provide an employment culture of teamwork, mutual respect, personal responsibility, and rewarding outcomes – both personally and professionally. If you know someone looking, send them our way!

Wishing you a happy, healthy, and active summer,

Dan Garvy, MS, CPRP
Director of Parks & Recreation

WEEK 1: LITTLE ENGINEERS

We're pulling out ALL kinds of building materials during this fun week. Our room will be filled with Legos, wood blocks (big and small), MagnaTiles, Lincoln logs, cardboard boxes, cups, popsicle sticks, sponges, pool noodles and whatever else our imaginations come up with! We'll also put out cars, trucks, and trains and lots of animals to add to our building creations. Children will be encouraged to think BIG and small to create towers, tracks, cities, castles, bridges and more each morning. The fun won't stop when we're outside because we'll bring out the GIANT waffle blocks, GIANT Legos and GIANT tinker toys. This is sure to be a fantastic week!

WEEK 2: 3,2,1 BLAST OFF!

Ready to blast off? We're heading to a galaxy far, far away! We will learn about Earth and the amazing solar system and discover all things galactic: comets, planets, shooting stars, rockets and more. Learn about flight, the adventures of space travel, and participate in a rocket launch!

WEEK 3: SUMMER FUN!

We plan to take full advantage of all things SUMMER this week. We'll spend lots of time outside playing with bubbles and water toys, running through sprinklers, and creating masterpieces in chalk. We'll ride bikes and scooters, go on some scavenger hunts, take nature walks and so much more.

WEEK 4: ART WITH ANYTHING

This week is all about using everyday objects to create a variety of projects and crafts. Each day, different everyday objects will be available with guidance on ways to use them and create with it. Campers will be encouraged to use their imaginations to make something unique and fun! Many of our projects will use glue and paint so please dress your child in clothes that can get messy.

WEEK 5: PIRATES & MERMAIDS

Ahoy there! The ocean is calling our names! We'll pretend to be pirates looking for hidden treasure and mermaids who live deep in the water. Dive in with us as we play games, make special treasures, and learn all about the sea during this enchanting week of fun. Don't be shark bait and miss this adventure!

WEEK 6: DINO DISCOVERY

We will journey into the world of long ago to discover dinosaurs! This week, we'll learn about what makes each dino special, participate in an archaeological dig and make replicas of dinosaurs just like a real paleontologist. It's going to be positively prehistoric!

WEEK 7: SUMMER OLYMPICS

Calling all little athletes! We are so excited to spend the week learning about the different sports represented in this year's Olympic games. From gymnastics and basketball to relay races, volleyball, and tennis, we're giving campers the opportunity to try out each sport throughout the week. We will make medals and torches and big Olympic rings to celebrate the upcoming Paris Olympic Games!

WEEK 8: ANIMAL ADVENTURES

This week, we'll explore animals and their habitats around the world. We'll learn about which animals live in the Arctic, Desert, Savannah, Rainforest and in our own backyards. We're excited to learn all about how some animals fly, some walk on land and even more swim! We are looking forward to a WILD time!

WEEK 9: SCHOOL READINESS

Let's brush up on some very important preschool skills to ensure your child is ready for their upcoming school year! SWIM LESSONS - WAVE A & B ^{TR}

📍 Sea Lion Aquatic Park Main Pool | 1825 Short Street, Lisle

Wave A curriculum focuses on basic swim skills, water confidence, forward movement, and water safety skills. It includes Level 1 - Water Exploration, Level 2 - Primary Skills and Level 3 - Stroke Readiness. It is common for students to repeat levels in the Wave A program to master the skills in each level.

Wave B focuses on developing your child's swimming techniques and provides the foundation needed for competitive swimming. Wave A (or its equivalent) is a prerequisite. It includes Level 4 - Stroke Development, Level 5 - Stroke Refinement and Level 6 - Stroke Proficiency. Wave B participants must be comfortable in deep water. All Wave B classes are taught in water 4 feet or deeper.

SWIM LESSON LEVEL DESCRIPTIONS:

LEVEL 1 - Water Exploration: Orientation to an aquatic environment, supported floating and kicking on front and back, alternating arm action, and basic water safety rules.

LEVEL 2 - Primary Skills: Concentration on exploring deep water, front and back glides (unsupported), and safety practices. Additional focus on back crawl (at least 5 yards), as well as the ability for the child to turn over front to back and back to front.

LEVEL 3 - Stroke Readiness: Increase swimming skill competency with a goal to swim a short distance without breaks, fundamentals of elementary backstroke, exploring deep water, introduction of dives from the side of the pool, and treading water with secondary focus on practicing safety and rescue skills.

LEVEL 4 - Stroke Development: Develop confidence and competency in strokes beyond preceding levels with a goal to swim 25 yards without breaks. Introduction of breaststroke and sidestroke, deep-water bobbing, diving from the side of pool from stride and standing positions, and turns at the wall.

LEVEL 5 - Stroke Refinement: Continue refinement of front crawl, back crawl, elementary backstroke, breaststroke and sidestroke. Introduction of butterfly and surface dives, alternate breathing, swimming under water, and open turns on front and back. Swimming distance is further increased from Level 4.

LEVEL 6 - Stroke Proficiency: Develop maximum efficiency and endurance for strokes, flip turns, tuck and pike surface dives, alternative kicks for treading water, as well as introduction to approach stroke and throwing rescues. Swimmers should be ready for competitive swimming after the completion of this level.

SUSTAINABILITY IN OUR PARKS

The Park District strives to be environmentally friendly and practice sustainability within our parks and facilities. Our Parks Department facilitates a variety of initiatives to help achieve this. As examples, staff mulch each park with wood chips that they save from tree and brush removals. Additionally, four (Oak Hill, Abbeywood, Connely, and Leask Lane) parks are categorized as pesticide-free where no traditional pesticides or herbicides are used. Staff also have turned some traditional turf areas into either native plant spaces or “no mow” zones. This has reduced a significant amount of labor and fuel (emissions) with not having to mow large areas every week.

Staff also make efforts to plant native wildflowers and grasses throughout every park, which are grown in-house by our Naturalists. These native plants provide food and shelter for local wildlife and pollinators. The deep roots of these plants help slow erosion and improve water quality as storm water percolates through the soil. They also absorb lots of storm water, reducing the amount of run-off in the parks. Native plants are highly adaptable to our changing climate.

roots in the transplanting process. These larger trees also require lots of water and take longer to become established. The smaller trees being implemented now are grown in bags and maintain almost all of their roots in the transplanting process. This allows them to become established quicker with less watering requirements. While staff still plant some traditional ornamental trees, we’ve shifted the majority of species we plant to trees that are native to Illinois.

Furthermore, staff also spend significant time removing invasive species. In Community Park alone, staff recently removed honeysuckle, buckthorn, and mulberry trees from a half-acre plot. This area will now be replanted with native flowers and grasses, improving biodiversity and offering food and shelter to local wildlife.

These native trees are significantly more tolerant of changing weather conditions. Staff are proud to have received the 2022 Jane Foulser Habitat Award for undertaking this innovative, multi-year project of germinating hundreds of acorns and planting young oak trees throughout our parks in the next several years.

Oak Regeneration Project

As part of our ongoing Oak Regeneration project, staff have been collecting acorns from old oak trees in our parks to grow and then plant, which preserves local oaks in our parks. Staff also shifted tree planting strategies, planting much smaller trees than in the past. The traditional large trees at nurseries are balled and burlaped, and lose over 90% of their

📍 Gentle Learning Preschool | 1925 Ohio Street, Lisle

Gentle Learning Preschool's classrooms provide a variety of high-interest centers to encourage young students to learn while playing! Much of a young child's knowledge comes from interaction with the surrounding world, direct experience with real objects, and talking about experiences and ideas. We weave Kindergarten Readiness skills into our daily activities. Arts and crafts introduce little learners to the concepts of color, shape, and space. Science is explored through hands-on experiments, mixing, and cooking. Play in the sensory table exposes our students to different textures as well as measuring and volume. Math is developed through sorting, counting songs, comparing, and patterning. The development of fine motor muscles necessary for writing happens while manipulating play dough and building with table toys and blocks. Self-expression is encouraged throughout our room but is especially fun in our dramatic play areas. Our kiddos run, climb, pedal, jump, and slide daily on our playground or in the motor room on cold or rainy days to allow for gross motor development.

REQUIREMENTS: Children must be 3 or 4 years old by Sept. 1, 2024 in order to enroll. We strongly encourage children to be potty-trained before entering our preschool program.

CLASS & TEACHER PLACEMENT: Your child's specific teacher will be assigned in late July before the school year begins. Parents will receive this information via email.

JUNE 12: STRAWBERRY SHORTCAKE DAY

Summer is a time for strawberries! We are so excited to celebrate one of the yummiest desserts. Children will make their own working camp lantern, paint with marshmallows, and use their building skills with sticks, pine cones, pine needles and leaves to create a forest for our pretend woodland animals. We're looking forward to building a solar oven to melt our marshmallows for our s'mores, so fingers crossed for full sun!

JULY 24: VANILLA ICE CREAM DAY

This afternoon will be anything but vanilla. We're going to make an ice cream volcano, paint with sugar and cake cones and make our very own homemade ice cream. After our treats, we'll head outside for some ice cream themed games and activities. Your preschooler won't want to miss this one!

Our instructional staff are trained professionals with a passion for ice sports. They provide beginners an environment to succeed while keeping each class fun.

PARENT/TOT: This class is a great way to introduce your tot to the ice while being able to skate with them! They will learn to stand and support themselves on the ice, fall down and get back up, and skate through fun games and activities.

If you're seeking more competition without the time and commitment of a travel soccer program, consider joining the Classic Soccer League. The Classic Soccer League is a step up from traditional park district leagues and it's geared toward players who want a bit more structure and competition. However, while it is a competitive league, the league's primary objective is to provide a fun, safe, competitive environment for young players to learn.

GAMES

- Some games may be played outside of Lisle or after hours on weekdays.
- Teams will generally be placed in brackets in their own age group or age group range.
- Game formats and rules are age-group specific. For example, a kindergartener will play by less complex rules and with fewer players on a smaller field than a 6th grader.
- The 7-9 week season concludes with a playoff and championship format at each division.

PRACTICES

Classic Soccer League teams practice at least once per week throughout the season. These sessions are led by volunteer coaches. The exact weekday and start time of practices is dependent on the availability of the volunteer coaching team.

WHO CAN REGISTER

Players in Preschool through 8th grade

Beginners through advanced

Individual players

Whole Teams

- Schoolmates and friends may be grouped to form school-specific or neighborhood-specific teams.
- Groups that register "as a team" need to identify a head coach and/or coaching team
- Maximum and minimum roster sizes apply
- Teams may remain together year to year too

Players are encouraged to remain on the same team for both the fall and spring seasons. This promotes player cohesiveness and team continuity. Players who use their league issued, team-specific uniform for the entire year will benefit from a reduced fee.

NUNSENSE AT THE FIRESIDE DB

📍 **Location:** The Fireside Theater | Fort Atkinson, WI

Join us for a madcap revue with a hysterical, anything-goes, good natured sense of fun. The Little Sisters of Hoboken are in dire financial straits. It seems they must raise enough money to bury the last four of 52 dearly departed nuns who were accidentally poisoned by the convent cook, Sister Julia (Child of God). The five remaining sisters perform with quick paced, comic flair and high-spirited singing. It's an outrageous premise for a long-running hit show that's "sinfully" hilarious and definitely habit forming! Before the show, we'll enjoy a generous and tasty lunch consisting of fresh baked bread, broccoli and cauliflower salad, followed by your choice of chicken piccata, braised pork belly, or shrimp tempura. Dessert will be a delicious blueberry crisp made with fresh blueberries. There will be plenty of time before and after lunch to explore the lovely gift shops and bakery. Comfort stops will be made en route.
