HEALTH AND CARE

GREETINGS FROM

THE DIRECTOR

With another year almost behind us, this is an opportune time to reflect on our collective successes of 2025 while also looking forward to a constructive and collaborative 2026.

Our team continues to refer to the District's Strategic Master Plan and ongoing community engagement to drive the evolution of our services. As examples, our cultural arts and enrichment offerings have significantly expanded with new art and nature classes. Our Gentle Learning Preschool classrooms are at capacity for the 2025-26 school year reflecting an increase of almost 30% over last school year. And the popularity of our various camps continues to climb with an increase of over 200 participants from 2024. We have enjoyed this positive reaction and increased participation, and we attribute this to the community providing valuable, ongoing feedback and your Lisle Park District team responding in kind.

Looking ahead to 2026, much of the District's focus will be on more community engagement regarding indoor recreation space. As you likely know, the number one "Big Move" reported in the park district's 2023 Strategic Master Plan is to "Develop additional indoor, multigenerational recreation space." Much of 2025 was spent on developing an Indoor Recreation Space Feasibility Study which included additional community engagement by way of focus groups and surveys, an analysis of our existing spaces and limitations, and opportunities for program and indoor facility expansion based on the reported needs of the community. The final report was presented to the Board of Park Commissioners on Thursday, November 6 and adopted by the Board on November 13. A copy of the presentation and final report can be found by visiting the project-specific webpage [HERE](#).

In summary, it was reported that there is strong public support for new indoor recreation spaces, and it is recommended the District continue to move forward with the process of a conceptual design of a facility with courts, indoor walking/jogging track, fitness/wellness spaces, etc. So, throughout the next several months, we will be conducting more detailed community engagement to review and critique conceptual facility designs, construction costs, estimated tax impact, etc.

In closing, please stay tuned to the Lisle Park District through social media, email subscription, etc., and look for opportunities to participate in sharing your opinions on additional indoor recreation program space. If you would like to get more involved in the process, please feel free to contact me directly at dgarvy@lisleparkdistrict.org or 630-353-4310.

Wishing you a healthy and active winter/spring,

Dan Garvy, MS, CPRP
Director of Parks & Recreation

CITY OF LAKE AND PRAIRIE: CHICAGO'S ENVIRONMENTAL HISTORY *Presented by Will Barnett*

City of Lake and Prairie is a collection of 19 essays by urban historians, environmental historians, and geographers interested in analyzing the unique relationships between people and nature in the Chicago area. Will Barnett's essay uses Naperville's May Watts and the creation of the Illinois Prairie Path as a case study to understand grassroots environmental activism and efforts to protect green space, especially prairie, in an era of rapid suburban development in DuPage County.

OAK ORIGINS: FROM ACORNS TO SPECIES AND THE TREE OF LIFE *Presented by Andrew Hipp*

From ancient acorns to future forests, the story of how oaks evolved and the many ways they shape our world. An oak begins its life with the precarious journey of a pollen grain, then an acorn, then a seedling. A mature tree may shed millions of acorns, but only a handful will grow. One oak may then live 100 years, 250 years, or even 13,000 years. But the long life of an individual is only a part of these trees' story. With naturalist and leading researcher Andrew L. Hipp as our guide, *Oak Origins* takes us through a sweeping evolutionary history, stretching back to a population of trees that lived more than 50 million years ago. We travel to the ancient tropical Earth to see the ancestors of the oaks evolving side by side with the dinosaurs.

This is especially true without proper exercise and diet and with a family history of osteoporosis. LEARNING THROUGH PLAY

INSPIRING: CURIOSITY ★ CREATIVITY ★ JOYFUL LEARNING

At Gentle Learning Preschool, play is at the heart of everything we do.

Our classrooms are designed with inviting, hands-on centers that spark curiosity, creativity, and confidence in every child. Through play and exploration, our students learn about their world: touching, talking, experimenting, building, and imagining every step of the way.

Each day is filled with opportunities to build curiosity and confidence. We count while we sing, write while we draw, and explore early science through mixing, cooking, and discovering how things work. Sensory play invites children to scoop, pour, and compare, while art experiences encourage them to express their ideas through color, texture, and design.

Building with blocks, molding play dough, and creating with manipulatives strengthen the fine motor muscles needed for future writing, while dramatic play invites big imagination and teamwork. And every day, our children run, climb, pedal, jump, and laugh on our playground or in our motor room, building strong bodies and joyful hearts.

At Gentle Learning, childhood is celebrated, curiosity is encouraged, and learning feels like play, because that's exactly what it is!

2026-2027 PRESCHOOL CLASSES

📍 Gentle Learning Preschool | 1925 Ohio Street, Lisle

At Gentle Learning Preschool, children learn through play and discovery. Our classrooms are filled with engaging centers that invite children to explore, create, and connect. Each day offers opportunities to build curiosity, confidence, and friendships through meaningful, hands-on experiences.

Our curriculum weaves early literacy, math, science, art, and motor development into activities that feel joyful and natural. Children measure and mix while cooking, express ideas through art and dramatic play, and build coordination through movement indoors and out.

Preschool is more than preparation for what comes next – it's a stage of learning all its own. At Gentle Learning, children are known, supported, and inspired to grow into curious, capable, and confident learners.

REQUIREMENTS: Children must be 3 or 4 years old by Sept. 1, 2026 in order to enroll. We strongly encourage children to be potty-trained before entering our preschool program.

CLASS & TEACHER PLACEMENT: Your child's specific teacher will be assigned in late July before the school year begins. Parents will receive this information via email.

CLUB THEMES

Each afternoon following preschool class, we will immerse ourselves in one of our club themes: Book Club, STEM Learning Club, Art with Anything, Kids in the Kitchen, and Fun & Games. Each club description is below. Club theme days will rotate each week so that children who don't stay everyday can participate in a variety of activities.

GENTLE LEARNING BOOK CLUB

Book clubs aren't just for grownups! We've thoughtfully selected wonderful preschool stories (new and classics) to read and discuss each afternoon. Then, we will create something special together.

STEM LEARNING CLUB

S is for Science, T is for Technology, E is for Engineering and M is for math. Our teachers will weave carefully planned activities into these afternoons that will foster a love of discovery, building, problem solving, critical thinking, observing and science!

KIDS IN THE KITCHEN*

There is nothing more fun than helping children discover a love of cooking. Your preschooler will learn to safely chop, roll, grate, pat, mix, and spread. We will experience cooking using all 5 senses (especially taste) as we enjoy food that we make together. Our little chefs will even bring home the recipes from each day to recreate at home!

***Please make us aware of any food allergies ahead of time so that we can modify accordingly.**

ART WITH ANYTHING

Each art afternoon we will make projects using everyday objects! Little artists will explore the process of creating unique art in compelling and creative ways! We'll use "out of the ordinary" art methods like spinning, blowing, smooshing, tapping, and brushing. Our materials will be varied as well to include buttons, cardboard, hole punches, tape, and glue, magnets, spatulas, bike tires, bubble wrap and more! Please note that there are not assigned projects per date. We want to keep our imaginations open to creativity and children's interests each week!

FUN & GAMES

It really IS all Fun and Games in preschool. These afternoons will be full of movement and thinking. We'll do lots of big body movement games as well as learn some brand new board games.

If you're seeking more competition without the time and commitment of a travel soccer program, consider joining the Classic Soccer League. The Classic Soccer League is a step up from traditional park district leagues and it's geared toward players who want a bit more structure and competition. However, while it is a competitive league, the league's primary objective is to provide a fun, safe, competitive environment for young players to learn.

GAMES

- Some games may be played outside of Lisle or after hours on weekdays
- Teams will generally be placed in brackets in their own age group or age range
- Game formats and rules are age-group specific. For example, a kindergartener will play by less complex rules and with fewer players on a smaller field than a 6th grader
- 7-9 week season concludes with playoffs & championship at each division

PRACTICES

Classic Soccer League teams practice at least once per week throughout the season and are led by volunteer coaches. The exact weekday and start time of practices is dependent on the availability of the volunteer coach.

ADA ACCOMMODATIONS

FOR LISLE PARK DISTRICT PROGRAMS

The Americans with Disabilities Act (ADA) prohibits discrimination on the basis of a disability. The Lisle Park District is committed to accessibility for those with disabilities and strives to provide equal, integrated participation for patrons in all of its programs, activities and services.

The Lisle Park District welcomes and supports the participation of individuals with special needs in all programs, activities and services. If any person wishing to participate in a Lisle Park District program has special needs that must be accommodated to enable participation, that person (or parent/guardian) must notify the Park District. The Lisle Park District will do what is reasonably possible to satisfy those needs.

The Lisle Park District is a member of SEASPAR Special Recreation Association and works collaboratively to provide comprehensive therapeutic recreation programs and services. SEASPAR provides services to enhance existing programs by training staff, adapting activities, developing behavioral modifications and/or providing additional support staff.

To request special accommodations or assistance, follow the steps below:

- ▶ Early registration along with a request for ADA accommodation or inclusion assistance in any program is required at the time of registration and at least two weeks prior to the program start date.
- ▶ Please fill out the assistance or accommodations section during online registration or on our registration form. Requests include but are not limited to: Inclusion Aides, Sign Language Interpreters, Adaptive Equipment, and Accessible Transportation.
- ▶ Parent/guardian will be contacted within 48 hours of registration to discuss and determine level of support needed. We will do our very best but can't guarantee an aide will be secured prior to the program start date.
- ▶ If we are able to secure an aide, SEASPAR (South East Association for Special Parks & Recreation) or the Park District will contact you.

If you have not heard anything 2 days prior to the program start date, please contact Sarah Mejicano using the information listed below.

GUIDELINES & POLICIES

NOTICE OF CHANGES IN PROGRAM GUIDE

The Park District staff has made every effort to prepare this program guide as accurately as possible. The policies, procedures, requirements, programs, fees, and facility availability contained in this program guide represent the Park District's programs and policies at the time of publication. Sometimes circumstances may require changes be made (including fees, locations, times, etc.) after the program guide publication, but prior to program commencement or facility operation.

In order to provide the best services, programs, and facilities to the public, the Park District reserves the right to add, change, modify, or delete any programs and policies after they have been published or when enrollments warrant. The Park District will make a reasonable effort to give prompt public notice of any material changes in the programs and policies, but such notice cannot be assured. We apologize for any inconvenience these adjustments may cause. Your understanding and cooperation are appreciated.

REGISTER BY DATES HOW TO AVOID LATE FEES

The register by (Reg. By) date indicates the last day registration will be taken for programs. Any registrations accepted after the register by (Reg. By) date will be charged a \$5 late fee, unless otherwise noted.

PROOF OF RESIDENCY

A Lisle Park District resident applies to those persons residing within the boundaries of the Lisle Park District, as well as immediate family members living within that household. The fees listed in this brochure are for Lisle Park District Residents (R) & Nonresidents (NR).

You MUST show proof of residency with a photo ID along with a tax bill, lease or utility bill in-person at:

NON-SUFFICIENT FUNDS

There will be a \$25 service charge assessed for all electronic funds transfer (EFT) and checks returned for non-sufficient funds.

PROGRAM CANCELLATION & REFUNDS

The Park District reserves the right to cancel, postpone or combine classes, or change instructors. Programs that do not reach the minimum enrollment numbers will be cancelled. Cancellation of programs is made three days prior to the program start date, whenever possible. In the event that the Park District cancels a program, the participant will receive a full refund. If a program is cancelled in mid-session, a prorated refund will be issued.

No refunds will be made once a program has begun unless the Park District has altered or cancelled a program, or if the "Satisfaction Guaranteed" policy is implemented. If you need to drop-out of a program there will be a service fee of \$5 to cover the cost of processing a refund. The Park District must be notified of cancellation by the register by (Reg. By) date for that program. Cancellations made after the register by (Reg. By) date are subject to a \$5 service fee, plus any costs incurred by the park district. Cancellations made with less than a 24-hour notice will not be able to receive a refund.

SATISFACTION GUARANTEED

The Lisle Park District is committed to providing the best quality programs to our participants. If you are not completely satisfied with the program after the first class, just give us a call. We will send you a "Dissatisfied Refund Form" to be filled out and returned, and after review, we can either provide you a credit that can be applied to another program, or issue you a full refund. It is that easy. Satisfaction Guarantee does not apply to trips and special events.

Why are we doing this? We want all of our participants to get their money's worth from our programming. We are convinced that what we offer is of the highest quality, and we back that with a guarantee. Your comments & suggestions are valued.

WAIVER OF LIABILITY

To participate in any Lisle Park District program, you must sign a waiver releasing the Park District of any liability. The Park District assumes no liability for personal injuries or for loss of personal property while attending Lisle Park District programs.

NON-DISCRIMINATION STATEMENT

The Lisle Park District prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, marital or family status.

AMERICANS WITH DISABILITIES ACT (ADA)

The Americans with Disabilities Act (ADA) prohibits discrimination on the basis of a disability. INSURANCE

The Lisle Park District does not carry medical, accident, or loss of personal property insurance for program participants, as the cost would make the program fees prohibitive. Please review your own personal health insurance plan to be certain that you and your family have proper coverage.
